## THE GDA SYSTEM FOR INDUSTRIES

### **Manufacturing Industries.**

Large or small businesses, workshops and artisans who transform materials into finished products, have to deal with raw waste and processing dust that can affect the quality of processing. The centralized vacuum system enables the work environments to be kept healthy and suitable to carrying out production activities in the best possible way.

### **Food Industries.**

Flours, hot ovens and crumbs will no longer be a problem thanks to the centralized vacuum system. Special plants serving the food industry. In food processing, hygiene is essential, and the centralized system is always ready to provide maximum hygiene quickly and easily, with a range of accessories that allow use in any situation. The system is designed and studied according to the number of operators and production needs.

### **Logistic-Warehouses-Depots.**

Environments where efficiency and cleanliness are crucial to maintaining uninterrupted activity, smooth and safe operations, centralized vacuuming is revolutionizing the way companies to manage the cleanliness of spaces. These systems, effectively remove dust and debris from large spaces, keeping floors and work areas free of obstacles that could cause accidents or damage merchandise. Expelling the vacuumed air to the outside, the centralized system significantly reduces the amount of fine dust in the air, which is basic to protecting workers health and maintaining a healthy production environment.

# **SHEET METAL WORKING PAINTING CABINS.**

**Using with 1 user**

**D. 38 accessories**

**Vortex pre-separator for collecting fine dust**

**16 Industrial sockets**

# **COSMETIC AND PHARMACEUTICAL.**

**Using with 2 simultaneously users  
Suction points with D.38 pipe reels**

# MILL AUTOMATED WAREHOUSE.

Using with 2 simultaneously users  
D. 38 accessories  
15 Industrial sockets

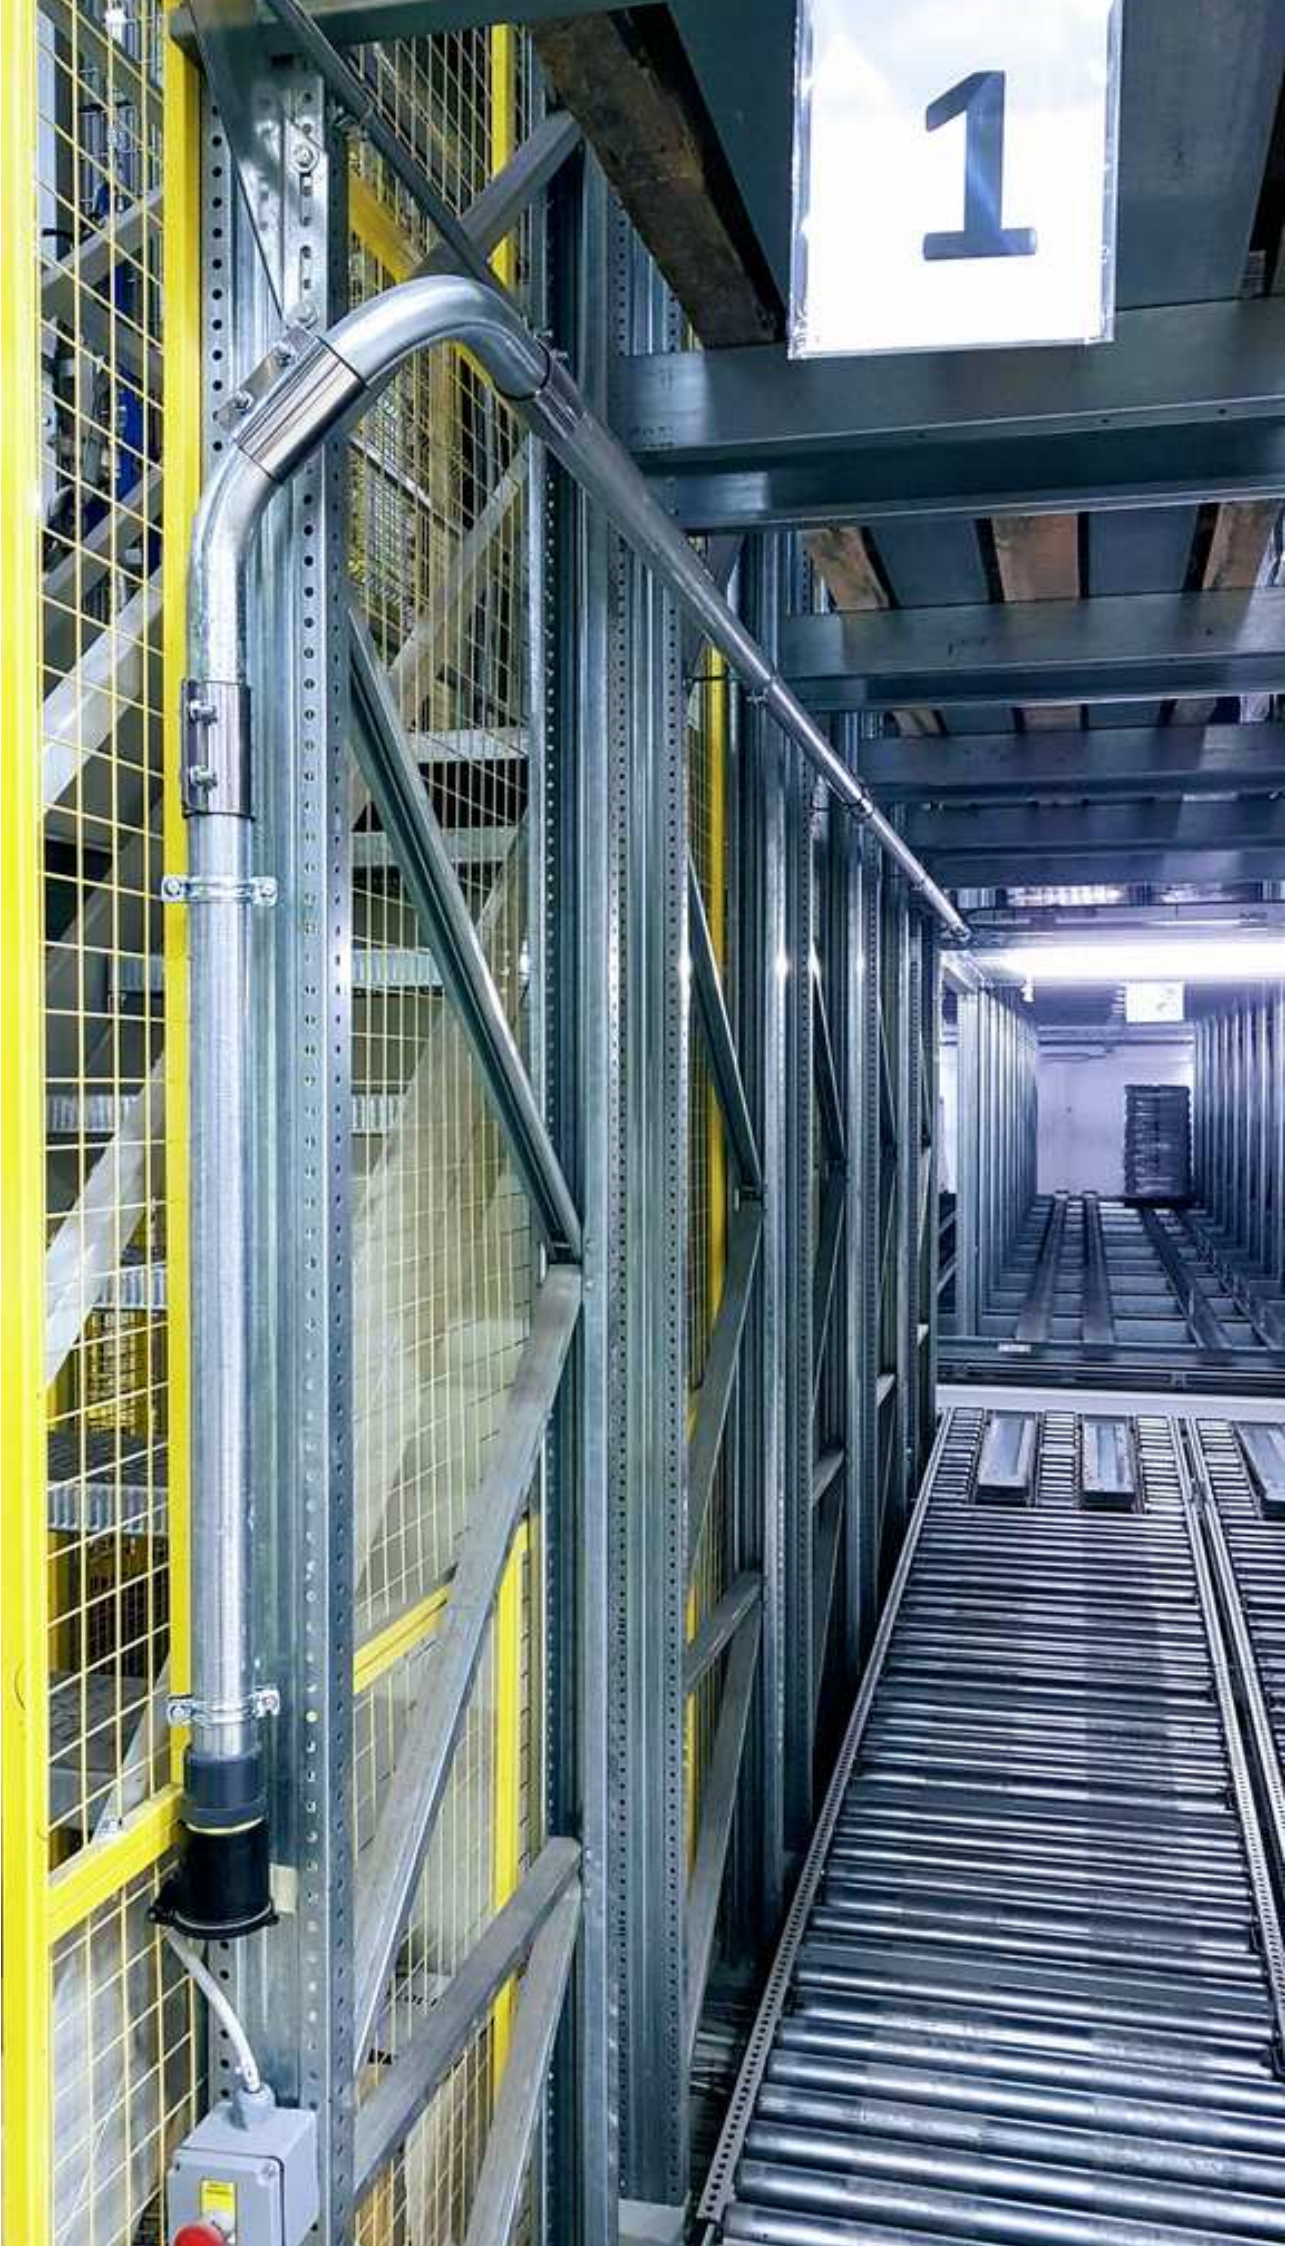

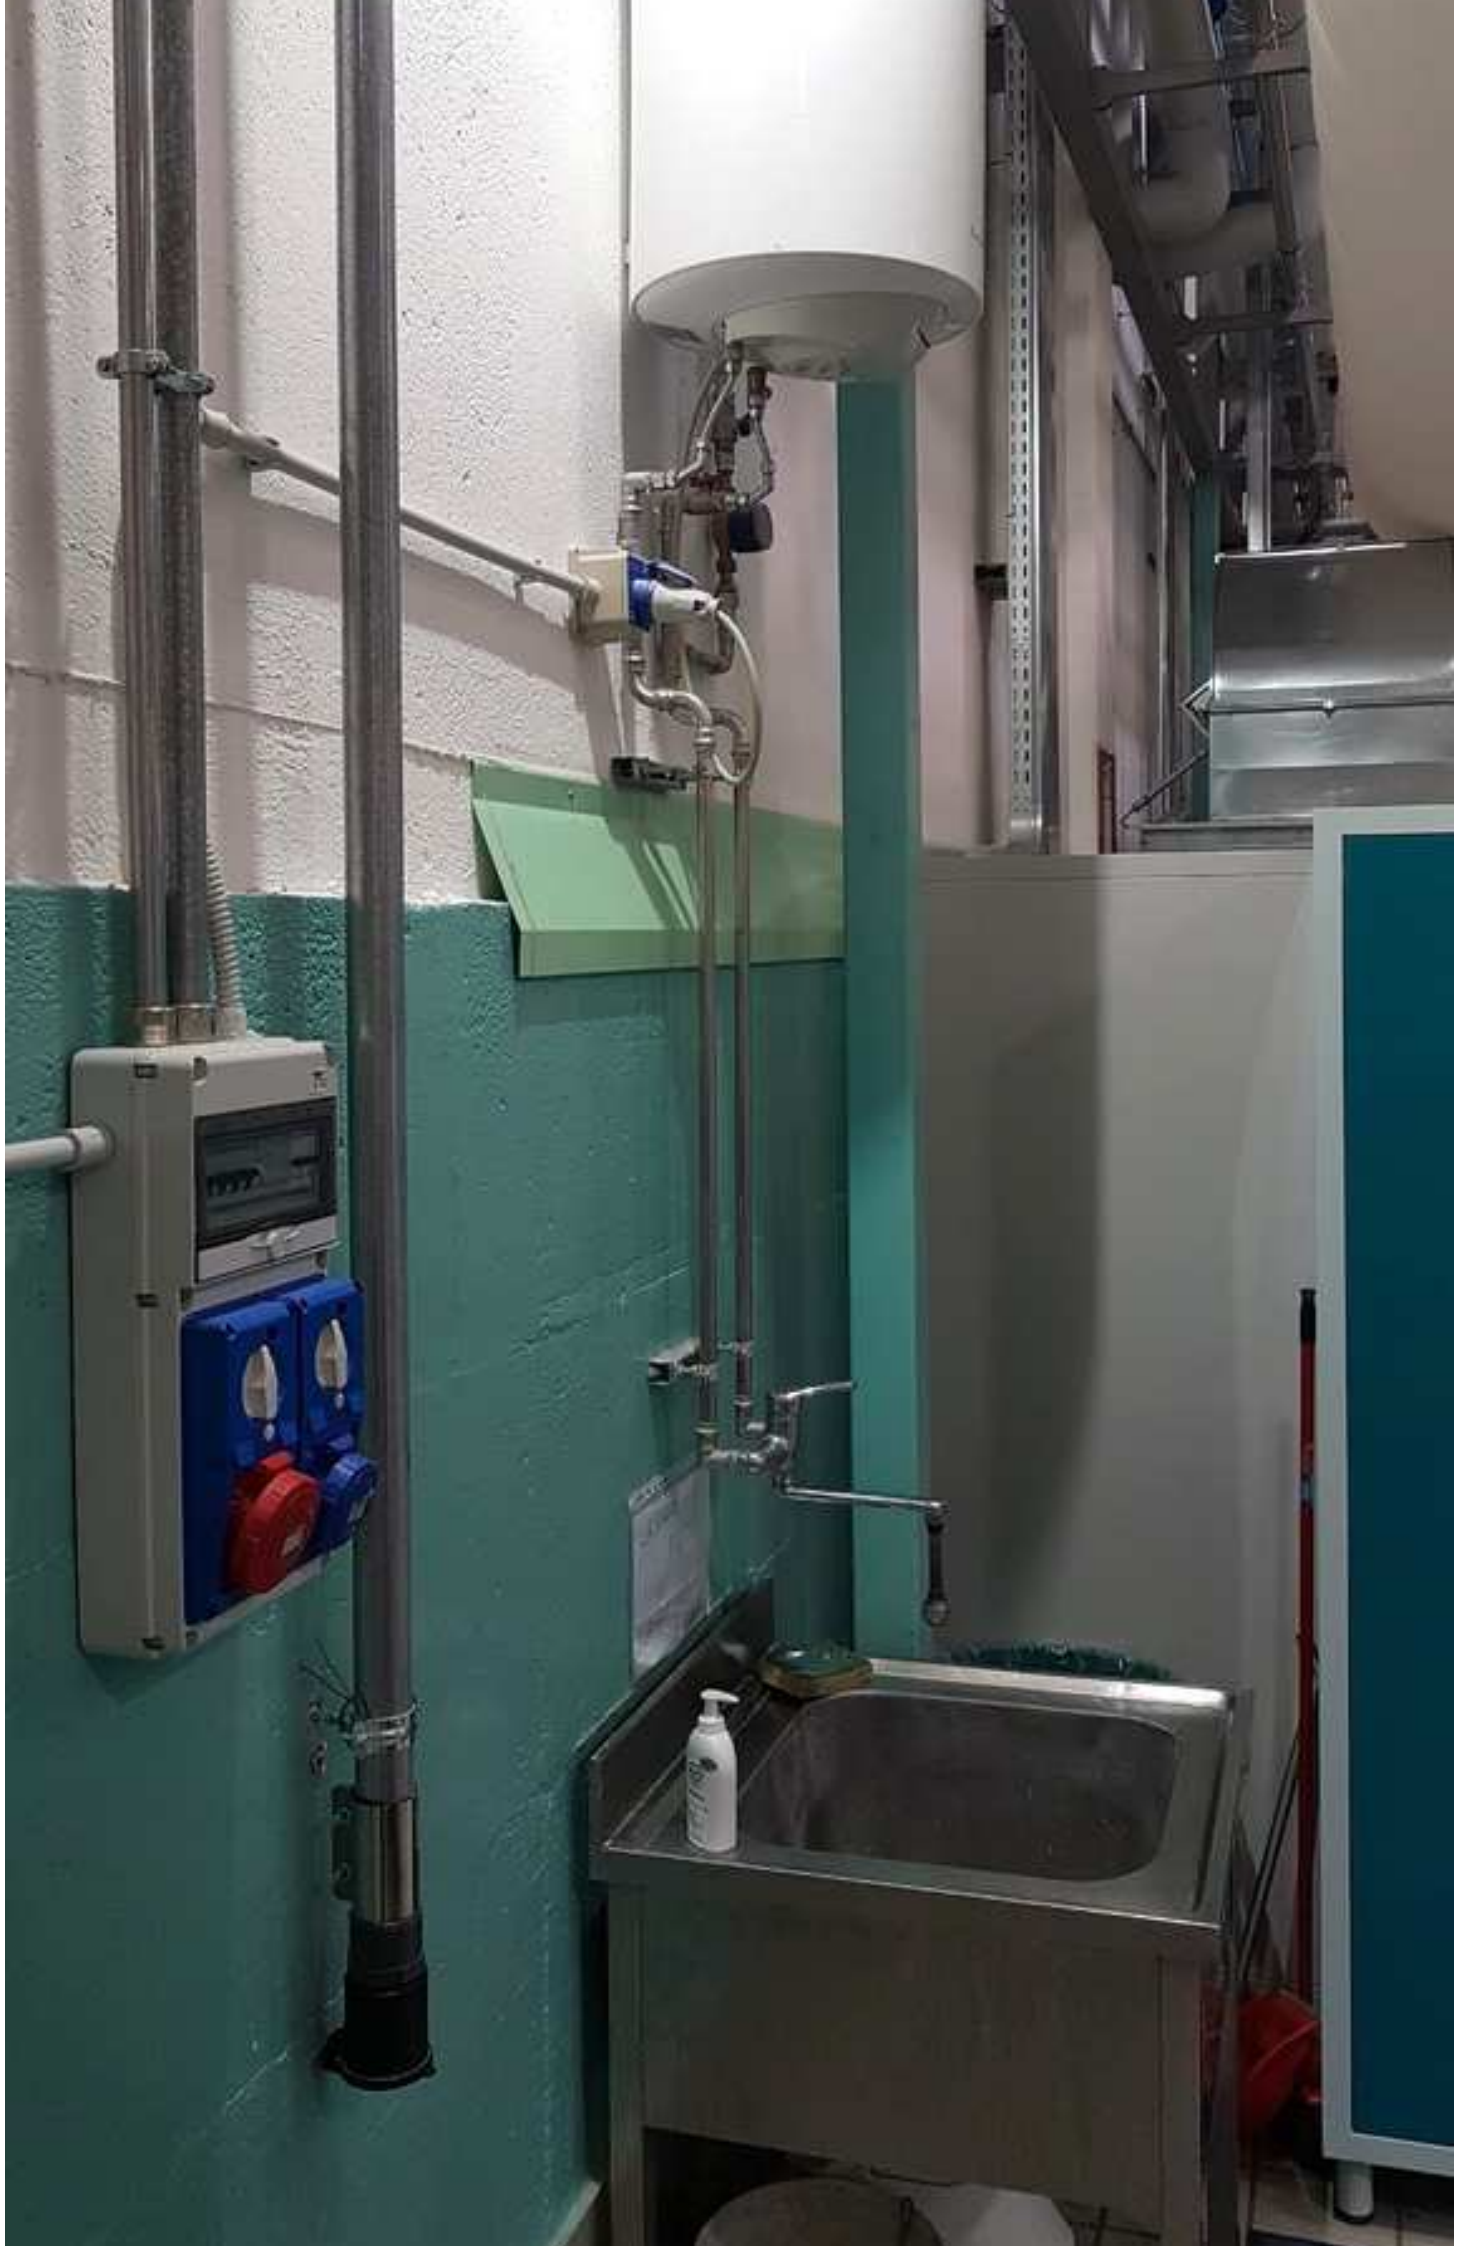

# MEDICAL.

**Using with 2 simultaneously users**  
**D. 32 accessories**  
**24 Industrial sockets**

# **BAKERY.**

**Using with 4 simultaneously users  
D. 38 accessories  
Industrial sockets**

# **FOOD NUTRACEUTICAL PHARMACEUTICAL.**

**Using with 12 simultaneously users  
D. 32 accessories  
Steel wall sockets**

# BUS DEPOT.

Using with 9 simultaneously users  
D. 38 hydrolytic accessories directly connected  
to steel piping

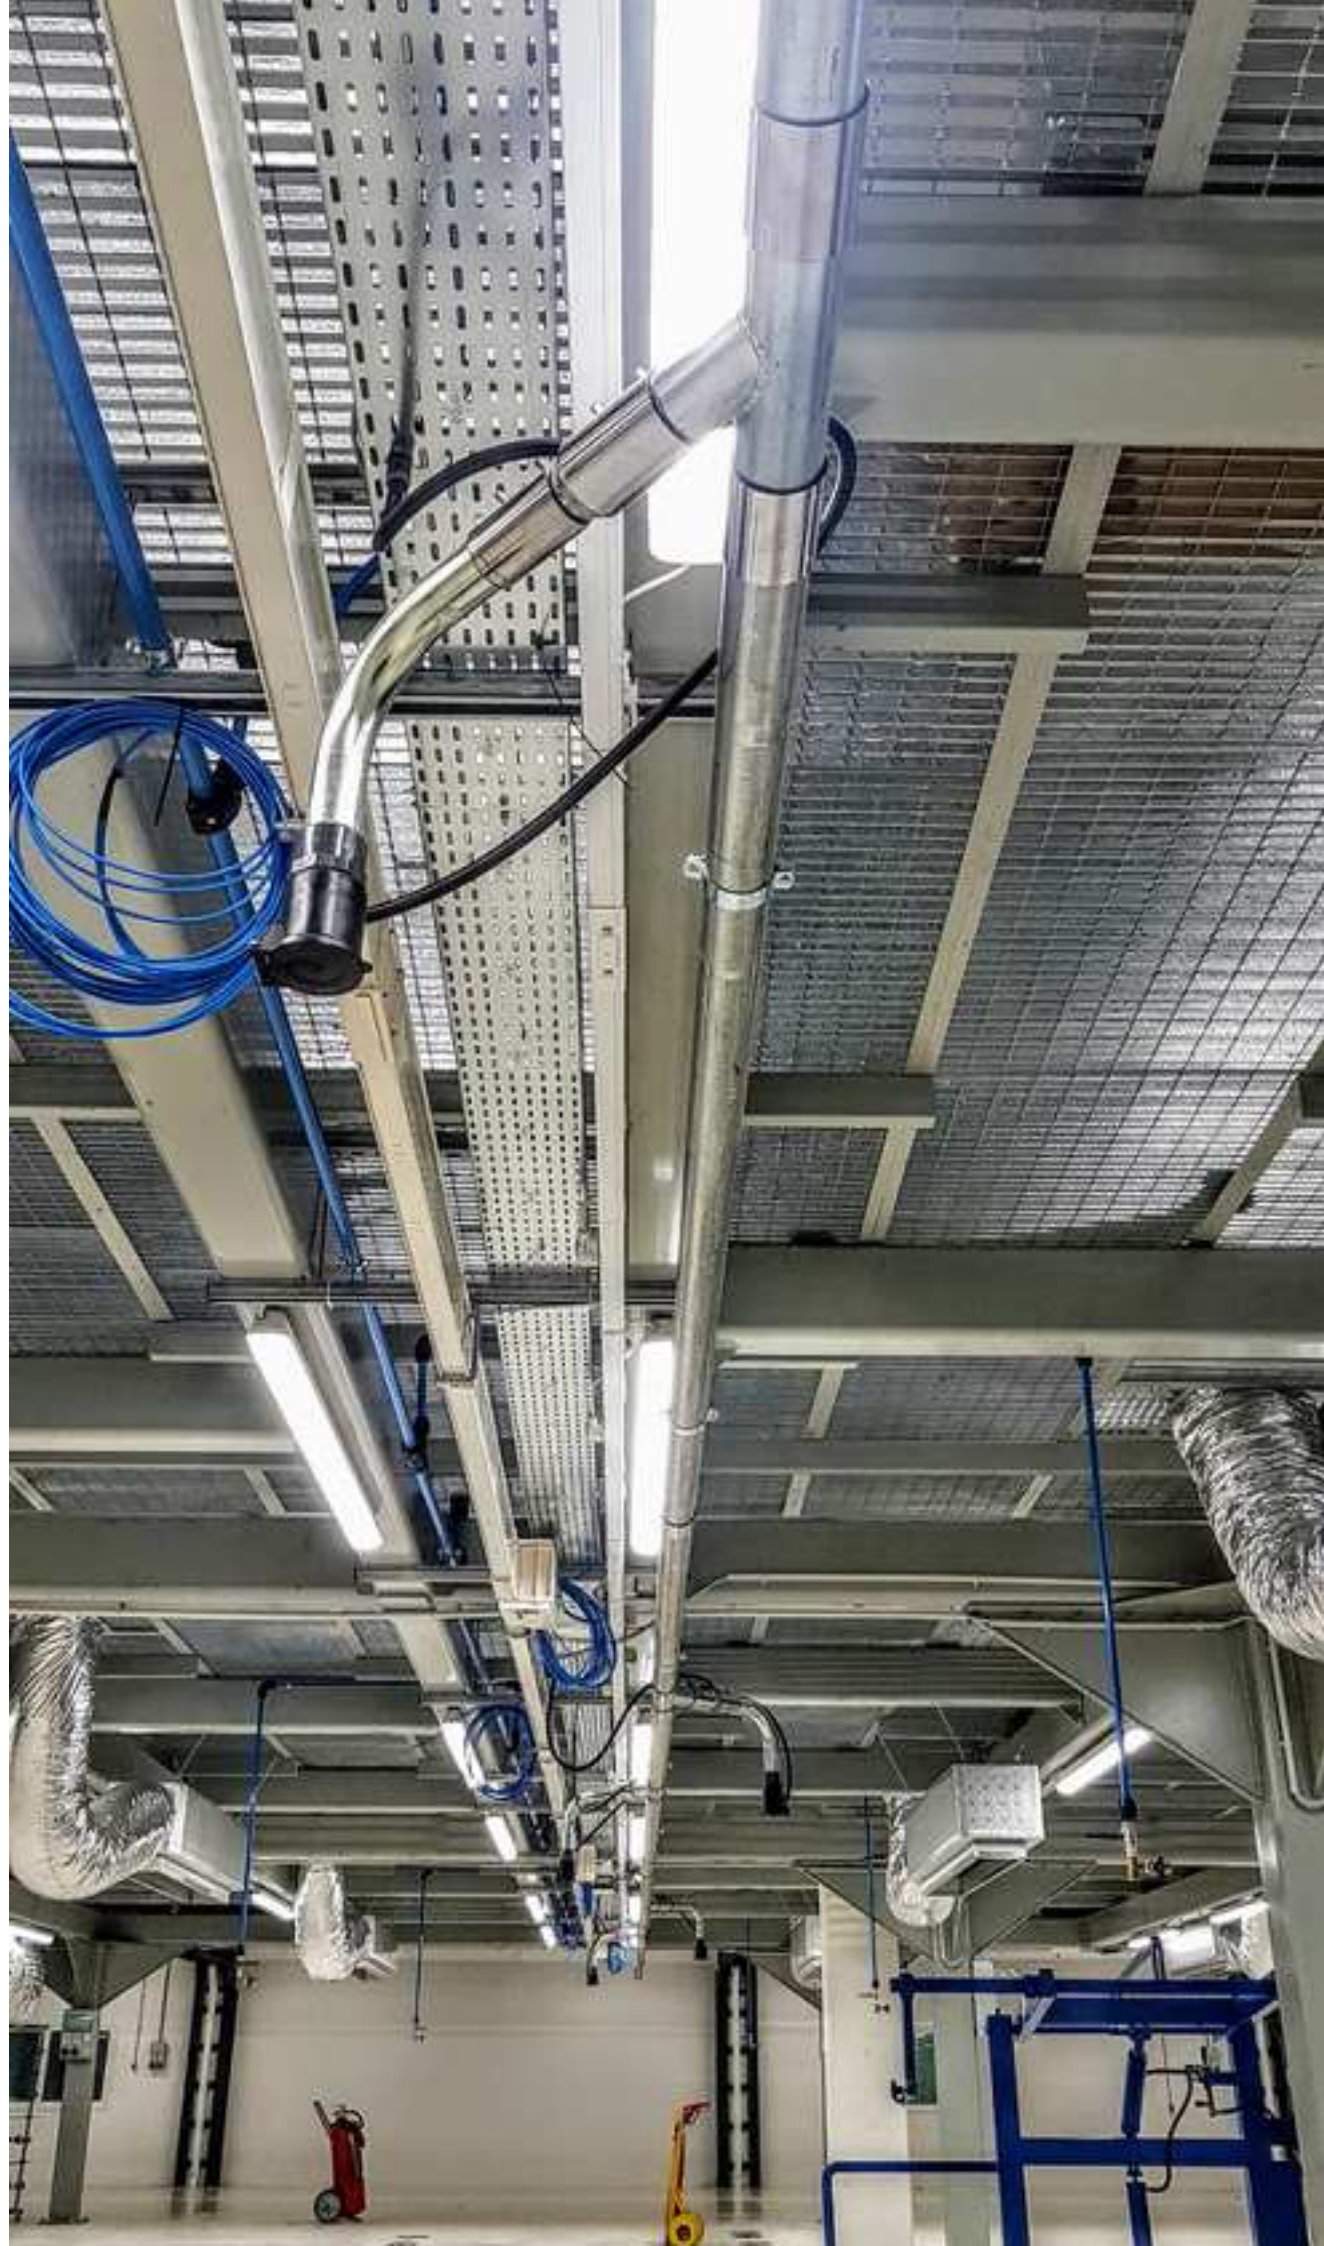

# TEXTILE.

**Using with 3 simultaneously users**  
**D. 38 accessories**  
**24 Industrial sockets**

# PHARMACEUTICAL CHEMICAL LABORATORY.

Using with 15 simultaneously working stations with  
flexible hose directly connected to machineries  
Industrial sockets for floor cleaning  
D. 32 accessories

# SHIPARD.

Using with 30 simultaneously users

D. 32 hoses directly connected to sanding machines

25 Industrial sockets

# MEDICAL.

**Using with 2 simultaneously users**  
**D. 38 accessories**  
**Industrial sockets**

# PHARMACEUTICAL VETERINARY.

Using with 5 simultaneously users

D. 32 accessories

20 Stainless steel wall sockets

# VENDING MACHINES.

Using with 7 simultaneously users

D. 32 accessories

Industrial sockets to the workstands
